

Green Visionary Scholarship Application

Eligibility

Applicants must meet the following qualifications:

- Be an undergraduate student enrolled full-time at a U.S. college or university.
- Have a minimum 3.5 cumulative GPA.

Application Requirements

1. Provide a copy of your school transcript.
2. Submit an original 1,000 – 1,500 word essay entitled “Green Visionary Scholarship” on the following topic: With the rise in “green” construction at the forefront of our industry, what do you believe is the next innovative, energy-saving approach to home building or visionary product that will make construction more sustainable?
 - The essay must be signed with the student’s full name and .edu email address.
3. Fill out the below fields, print this page, and include in your application packet.
